

Redhill Revolvers Field Pistol Club

Q1 - January 2022 – March 2022

**Hello &
welcome**

it's been a long time since the last newsletter was distributed. The last edition was way back in quarter 1 of 2020 so it's been 2 years already. Back then the whole COVID19 pandemic had started. The whole world was going into lockdown and quarantines and closing borders and strict laws on being allowed out. But slowly we did/and are still getting back to normal to a world that seems to be coping and getting on with things now, and although Coronavirus is still around and there doesn't seem to be any end or way of finally stopping it spreading, at least we are allowed to be out gathering in groups and attending events etc now, so I thought it would perhaps be a good time to start this newsletter back up again since we are now actively shooting again weekly. There still isn't going to be much to report in this edition but hopefully going forward there will be much more content on future newsletters, which are going to be ready for the end of each quarter.

Over the past few weeks & months we have been seeing reduced numbers for our shoots, whether it be Monday nights or Saturday HFT shoots. We know some of this is likely to be down to covid and people wanting to

feel safe whilst being out mixing with other, so with that in mind I just wanted to put your mind at ease and inform you that we do still have sanitizer available should you wish to come along and start up again & of course you are welcome to wear your mask. Secondly if you know any friends/family who would be interested in giving it a try, 1st 3 shoots are free so please invite them along to one of our shoots. I have posted in local airgun groups on facebook to see if we can get encourage some new members and boost our numbers back up.

2021/2022 Winter League:

Monday 28th March was the last shoot of the winter league and all results have been finalized, checked and ready to be published.

Congratulations to all who won, and each year it's gets closer, so for those of you who are not quite on the podium yet, its all to play for in the upcoming summer league starting in May.
