

# Redhill Revolvers Field Pistol Club

Issue 10: (Q2) Apr 2016 – Jun 2016

## Redhill Revolvers New Website:

Just a reminder for all that our new website ([www.redhillrevolvers.co.uk](http://www.redhillrevolvers.co.uk)) is up and running and already holds a lot of information from gallery photos, items for sale, all previous newsletters and of course all the current & past season scores for each shoot in the league as well as the one off competitions namely Craig Mawby, Riley Cup etc.

If you have not yet paid a visit to our webpage, then what are you waiting for, get yourself on a smart phone / tablet / laptop / PC and head on over and submerge yourself in all that is Redhill and get up to date with the leagues if nothing else.

## Craig Mawby Memorial Pistol Competition:

This year's annual memorial shoot was held on Monday 11<sup>th</sup> April, with all proceeds going to the Charity of Lynn Mawby's choice. It was a one off competition with prizes for the top 3 shooters on the night. The competition was the first chance to use the newly purchased biathlon targets as pictured below, with the aim being to score as many points as possible over the 4 rounds. 1 point per hit, so 20 points being the maximum score available.

There was also a mini fun game to play for £2 where the winner had a chance to win a stack of pellets (R10 Pistol, R10 Rifle and Gekos). The game was simple, you choose which card you wanted from the deck and have your name written against it, after everyone had chosen their card(s) we split the deck from another pack and whoever had their name against that card won. Well done to Ken Glover Junior on winning the pellets.

After a night of shooting and a little creative work to get the targets to flip when being hit, there was an outright winner with 15 points in 1<sup>st</sup> place, but 3 people tied on 14 points for 2<sup>nd</sup> and 3<sup>rd</sup> place, so a shoot off was held.

Shoot Off round 1 saw a clear winner for 2<sup>nd</sup> place, but the 3<sup>rd</sup> place spot was closer and needed a further 2 rounds to determine the eventual winner. Well done to All and especially the top 3/4 and thanks for all contributions on the night, all for a very worthwhile cause.

## Winners:

1<sup>st</sup> Doug Bunney – 15 points

2<sup>nd</sup> Paul Clarke – 14 points  
(won shoot off for 2<sup>nd</sup> by 1 point)

3<sup>rd</sup> Anthony Wood – 14 points  
(won shoot off for 3<sup>rd</sup> by 1 point over Pete Chesterton)

## Interclub Bell Target Matches:

Over the past month or so I have been working on finding new Midlands based clubs who would be up for some friendly competition in the form of Interclub Bell Target Shoots, as per the Melbourne matches we currently hold each year, and I'm delighted to say that so far I have had multiple clubs reply who would be interesting to shoot 2 legs (1 home & 1 away). These include Rusden, Redditch, Wolverhampton and Stratford. They all currently shoot in various leagues either their own club leagues, or regionally against other clubs so I am currently in discussion with each of them to establish possible dates for the 1<sup>st</sup> legs, whether it be at Syston (preferred option) or theirs, but as all their leagues start/end at different points and some are unable to shoot on our usual Sunday evenings it is proving a little tough, but I'm confident that we can arrange shoots with all over the coming months, so watch this space.

## Committee Meeting – May 2016:

In May your committee got together for one of the quarterly meetings to ensure everything is running smoothly in the club & also to try and keep fresh ideas coming to keep members interested and to vary things up a little. One of the things that was voted in by majority is that for Bell Target shooting, we will now count **all 6 shots**, where as before we used to allow 1 (lowest scoring) to be scrubbed. This will not only help with competitiveness but will also help the final league standings from being tied as now every shot counts. As a direct affect of this, the "full House" will obviously now be 6 bells, but to be fair to those who are getting 4, we are still using the old format/reward system for those who get 5 bells for now. The difference being when/if you get the full 6, then you get a gold plaque on the "Full House" honours board and a Medal to take home rather than the badge/certificate you currently get for 5.

Also, after a unsuccessful survey to all members for their input on keep/replace CO2 Speed shooting due to the lack of replies, the committee are now in discussions with what is the best way forward on this discipline as numbers have and continue to drop each week. We will update all once options have been finalised and a decision has been made

**FOR SALE!**

1. **Gamo Compact - £110.** If interested please contact Diviesh on [d.navekar@gmail.com](mailto:d.navekar@gmail.com)
2. **Feinwerkbau 300S** complete with diopter sights in excellent condition, £250. Please contact Aidan on [oldvole62@gmail.com](mailto:oldvole62@gmail.com) (or he can bring to a Monday night / LOPC monthly shoot)
