

Redhill Revolvers Field Pistol Club

Issue No 18 - (Q2) April 2018 – June 2018

Craig Mawby Memorial – Monday 9th April

This year's shoot format was Pistol Paper Target, with the 1st round being single handed, 2nd round normal stance and the 3rd round sitting with opposite hand. After a tie for 3rd place, it went to a count back on the last round for number of 10s, 9s etc to determine the final podium spot between Anthony and Doug.

Results Below

- 1st – Mitchell Beattie
- 2nd – Pete Chesterton
- 3rd – Anthony Wood

Also, Doug managed to score a perfect score of 50/50 so congratulations go out to him. Well Done

LOPC Range: Recently we have seen some damage being done to our range and signs on the fence, If you spot anything/anyone suspicious whilst you are there, please contact Steve Prime immediately who will officially report the incident to the LOPC for them to follow up//take action.

Further more, many thanks goes out to the regulars for maintaining the range, there is a lot of time and effort that goes into the mowing and upkeep of the grounds which without this work we would be shooting in a jungle most months.

Here's a few pictures

NSRA Course – Congratulations to Kev Overton who has successfully completed his NSRA Rifle Diploma course, meaning we now have another marshal for our shoots. If anyone else would like to put their name forward to do the course and become a marshal, please come and speak to a member of the committee.

Lakeside Summer Fayre: A few weekends back Lakeside Clay Shooting & Fishing held a summer fayre which events such as Drone Flying, Clay Pigeon, Fishing, Market Stalls, Hot Food to name a few, but also our own Steve Prime ran the Air Rifle Stall/Shoot for the day all for a worthwhile charity

LOPC Open Day: On Saturday 9th June the LOPC held their annual open day which Steve Prime and Kevin Overton kindly offered to help to run on behalf of Redhill. It was a long day for both but enjoyable and it's also a good way of advertising the club to new people and promoting the sport and teaching in a safe and correct manner

FOR SALE!

- FWB 300s for sale £275 with hard case and bi pod please contact /speak to Steve Prime

FOR SALE

Daystate MK3 .177 with Hawke HK3072 4-16x50 AO IR scope

Used, but very clean Daystate MK3, .177, serial number MK3-2155, Right-handed. Comes with:

Charger (UK/EU/US)

Spare bolt leaver

Single shot tray

10-shot magazine

Refill adapter with quick fit connector

x2 isolator keys

Professionally-fitted accessory studs

Hawke HK3072 4-16x50 AO IR scope with working batteries (with box, allen keys, mounts and bushwacker flips covers)

Soft shoulder bag with carry handles

SMK targets x80 (not photographed)

1 unopened tin of JJB Match Exact Diablo Pellets (.177)

H&N Pellet Pouch full of JJB Match Exact Diablo Pellets (nearly 1 tins worth!) (.177)

Air rifle was purchased from R&K stockcraft in May 2015 with a full service and new battery. Selling due to lack of use and needing the funds towards a house. In my ownership, only 2 tins of pellets have been used.

£650 ovno
