

Redhill Revolvers Field Pistol Club

Issue 11: (Q3) July 2016 – September 2016

2016 Christmas Party : This years Christmas party/meal will be held on Friday 23rd December. Places are £15.00 per person which includes your main and dessert. Please keep this date in mind as we will be looking to confirm numbers in the coming months so please speak to a member of the committee if you would like to attend and also let them know if you are bringing your partner etc plus remember to mention if you have any special requirements i.e. vegetarian.

Phil Savidge (Leicester Airguns) has also very kindly donated the top prize for the raffle – a Baretta PX4 Storm co2 Pistol, and there will be many other items/prizes up for grabs, so its well worth having a few strips of tickets

2016 Summer League Results: We presented the awards to the winners of the 2016 Summer Leagues on the night of the Annual Rifle Competition (Mon 5th Sept). Congratulations to those who got placed in the top 3 for Rifle and Pistol.

Rifle Bell Target

- 1st – Mitchell Beattie
- 2nd – Maurice Burnand
- 3rd – Dave Bourgault

Pistol Biathlon

- 1st – Phil Savidge
- 2nd – Paul Clarke
- 3rd – Anthony Wood

Interclub Bell Target Matches: Unfortunately the planned home leg against Redditch on Sunday 11th September had to be cancelled / postponed on their part, whilst I am trying to organize new dates against them it is looking unlikely but we do still have Stratford to shoot against in/around November (home leg) to look forward to and still 2 other clubs (Wolverhampton, Rushden) which are currently in the planning stages.

October 2016: Monday 3rd October is the official start of Redhill Revolvers Winter Leagues, starting with a Pistol Bell Target shoot. Last years winter league was one of the closest we have ever seen across the board, so get all the practice in you can as with each passing year, more and more of your shots are counting towards your final league scores so you need to avoid those stray shots now more than ever !

Also October HFT shoot is the Annual Riley Cup Competition, further details to be provided on the day of the shoot

2016 Annual Rifle Competition – Monday 5th September: The format for this years competition was as per the usual paper targets shoots, 5 shots per round and shooting a total of 4 rounds. Highest score per round possible was 50 (5x10)

After everyone had shot their third round, the re was already a clear winner who had pulled away from the rest of us, but it was still all to shoot for in order to reach 2nd and 3rd place.

Once all 4 rounds were shot, 2nd and 3rd and 4th place were All within a point of each other, so it really was a close contest (excluding wonder boy !).

- 1st – Mitchell Beattie (178 pts)
- 2nd – Jonathan Goddard (165 pts)
- 3rd – Doug Bunney (164 pts)

and just outside the medals with 4th place was Graham Ruddock with 163 points.

And just for laughs, the lowest scores were Steve Prime and Ken Glover with a Score of 91 points and 83 points . LOL

Going For Gold: Since we are in Olympic season (well we was when I wrote this), we thought it would be rather fitting to mention, give a shout out and say huge congratulations to a Redhill Revolver club members' recent achievement. Now admittedly it has nothing to do with the Olympics, but it can be loosely related as there are Bronze, Silver, Gold awards and also has shooting involvement.

Alec Bishop a current Junior member has now achieved his gold in the Duke of Edinburgh Award scheme (D.O.E) and shall be going to Buckingham Palace to receive his well earned award. Alec has now completed his Bronze, Silver and Gold awards for Shooting whilst being at Redhill Revolvers and for those that take a look at the leagues will no doubt have noticed how greatly he has improved and has become a regular junior medal winner throughout the years at all discipline's in both Rifle and Pistol. Furthermore since writing this article Alec has had a birthday and will therefore be completing against us in the adult leagues next year. Well done Alec. Keep up the good work.
