2018 HFT Results: I seem to be saying the same thing each year but it really was another very close one to call on the HFT leagues, with all except 1 position still up for grabs before Novembers shoot. Some people rose to the occasion to pull out a podium spot, whilst others chocked under the pressure, myself included. Results as below and in some cases came down to a single point difference. 2018 Riley Cup Competition:

Saturday 12th October was this years date for the annual competition and this time around we shot 2 different pistols. A Webley Nemesis and a Gamo Centre. The aim was to shoot 2x the bell, 3x biathlon with the Nemesis and then the knockdown ducks with the Gamo. It turned out to be a close shoot (for some) as we ended up having a shoot off for the top spots.

Results below

- 1st - Pete Chesterton
- 2nd - Dhiraj Parmer
- 3rd - Keval Chudasama

Congratulations to all above, & commiserations to Sarah Prime and Nash who got piped to the podium in the shoot off.
